# COMPLETE PACKAGE

### **Precision Plus Medical £3,500 +VAT:**

Choose this machine if you are planning to offer medical tattooing. This is a certified medical device.

- Designed and manufactured exclusively for Finishing Touches
- The only micropigmentation machine to carry class 2a medical status
- The choice of nurses, surgeons and advanced professional technicians
- 2 year warranty
- Equipment loan service available should you experience any problems

### **Amiea Sense £3,000 +VAT:**

This is the very latest cosmetic machine and is currently the best in the world. This top of the range system is fully computerised with a patented 'sensi drive' function which automatically alters the needle depth and power to suit each skin type. This results in incredible implantation results and allows you to deliver beautiful treatments in less time.

- Full range of cartridges available including new ditto & duo needles
- Touch screen with needle recognition system
- Timer facility
- Each cartridge has its own transmission which is renewed with every procedure, ensuring the power is at the tip of your needle
- 5 year warranty
- Fully digital with a memory card which can be remotely updated to keep your machine current
- Equipment loan service available should you experience any problems

### **Precision Plus Cosmetic £2,500 +VAT:**

This cosmetic machine is an industry favourite and is the choice of most successful technicians. Sleek, smooth with a stainless steel finish, the Precision Plus is a system that you can trust.

- Sterile cartridge system
- Easy to load and user friendly
- Comes with a handpiece, base unit and foot pedal
- 2 year warranty
- Equipment loan service available should you experience any problems

### **Amiea Linelle Supreme £2,500 +VAT:**

A flexible device for both beginners and more experienced technicians. Digital control to easy to operate. The white, hygienic base unit is easy to clean and is light weight to transport.

- Available with a choice of 2 handpieces – the Precise is like a Sense handpiece and will take all needle configurations. The Linelle Supreme uses a Precision Plus handpiece and uses the smaller cartridge system.
- Easy to load and user friendly
- 2 year warranty
- Equipment loan service available should you experience any problems

### **Precision Plus Nano £1,800 +VAT:**

This eye catching, light weight machine is a great choice for a beginner with limited funds. Using the Precision Plus handpiece you will be able to use the same range of sterile needles.

- Compact machine with low noise and low vibration
- Easy to transport
- 2 year warranty
- Equipment loan service available should you experience any problems

### **Facile £1,500 +VAT:**

This small micropigmentation system comes with the micro handpiece and is suitable for lightweight and occasional cosmetic tattooing. It's a great second/spare machine.

- 1 year warranty
